Re: Fulbright-Hayes Fellowship Program Submissions

The Fulbright-Hayes Doctoral Dissertation Research Abroad Fellowship Program provides opportunities to doctoral candidates to engage in full-time dissertation research in modern foreign languages and area studies. **FY'14 Applications Due on June 24, 2014**

To apply, students must:

- Confirm their eligibility by visiting the Fulbright-Hays Website www2.ed.gov/programs/iegpsddrap/eligibility.html
- Contact their department's business office to inform them that they will be submitting an application
- Register as a student in the U.S. Department of Education's G5 system, available at www.g5.gov
- Complete application following all guidelines in the application package (available from within g5.gov system) Proposal development assistance should come from departmental administrators.
- Applications must strictly adhere to the program's content and formatting guidelines. The Department of Education will return applications without review if the program's content and formatting deadlines are not strictly followed.
- Complete the University's internal routing form with the appropriate signatures from their department. The form is available at, http://ora.umd.edu/sites/default/files/documents/forms/ora-routing-form.pdf
- Complete and submit the final application in G5. Complete UM Internal Routing Form and route application with signed routing forms to ORA. **Completed applications need to be submitted to ORA no later than June 17, 2014.** For questions on how to route an application contact your department's business office promptly.

The University of Maryland's Project Director, as designated in the G5 system, is Antoinette Lawson, Director, ORA. However, prospective applicants should contact the ORA Contract Administrator assigned to their department with any questions regarding submission instructions. A complete list of Contract Administrators by unit is available at, http://ora.umd.edu/staff

Thank you in advance for your cooperation.

Regards,
Toni Lawson, Director, ORA
