## Creating the Proposal

Create Proposal

To create a proposal, Click on the Proposals/NOIs > Click > select type of proposal

### Create Proposal

Select Proposal Source

To create a proposal, you must first choose the source of the proposal. The source can be an open solicitation, a previously created Notice-of-Intent (NOI), or a collaborative proposal.

Choose Source

- Solicitation**  
Search open solicitation announcements for the one you wish to respond to.
- NOI**  
Create a proposal from your list of submitted NOIs.
- Prior-phase Proposal**  
Create a (later) phase proposal based on a proposal submitted during an earlier phase.

Then select the solicitation to which you wish to apply > continue

Link your proposal to the Submitting Organization. This will auto-complete some information and will allow you to route the proposal correctly when you are done.

### Create Proposal

#### Link to Submitting Organization

All proposals must be linked to a submitting organization in order to be submitted to NASA. Once the proposal is released, the organization will submit the proposal to NASA as appropriate. While this is a required step in the proposal process, you do not have to specify an organization at this time.

To link to an organization, select one from your confirmed affiliations list below. And click continue button. If you do not wish to link at this time, select "Do Not Link At This Time".

Select	Organization Name	Doing Business As (DBA)	DUNS	Cage Code
<input checked="" type="radio"/>	UNIVERSITY OF MARYLAND	OFFICE OF RESEARCH ADMINISTRATION	790934285	0UB92

Notes:

- The submitting organization will have the ability to view and edit the proposal.
- Linking an organization to a proposal is permanent. Once the link is established, it cannot be removed. If you are not sure about linking to an organization, do not continue.

### Proposal Cover Page

- **Proposal Summary:** Select Proposal Summary element. Limited to 4000 characters
- **Business Data:** You must edit, complete, and save each section
- **Budget:** The budget must be entered in NSPIRES, but you can copy forward each budget period or particular elements.
- **Program Specific Data**
- **Proposal Team:** Team members must be in NSPIRES, not necessarily at UM, and must be contributing to the research. Add the team member, select his/her role, and select which sections of the proposal he/she may view or edit. Support Staff must have a NSPIRES account, but do not need to contribute to the research. Add the individual and select the appropriate role and access level.

**Proposal Attachments:** Select Add and upload attachments in accordance with the solicitation.

### Submit Proposal

To submit proposal to ORA, Check Elements on the proposal page to determine if further action is needed.
