Institutional Proposal Number Schema

The Institutional Proposal Number is assigned at the time of proposal submission to the sponsor. The proposal number consists of the 2 digit Fiscal Year, the 2 digit Fiscal Month (not calendar month), and a 4 digit Kuali Research generated sequential number. The Institute Proposal sequential number counter is reset each July 1 to indicate the new Fiscal Year (e.g. 18010223 - the proposal was submitted in FY18, the first FY month - July, and its sequential number is 0223).

Awards

The Award module contains records of agreements which have been made to UMD from an external funding source. Data in the Award module pulls forward from Institute Proposal, and ORA updates each record with data from the sponsor. An award consists of award documents for the parent account and all child accounts as well as a single time & money document.

This module is open to campus users, and data from this module feeds into the Kuali Financial System (KFS) for the tracking of expenditures on sponsored research accounts. Award attachments include the official award document from the sponsor, action requests from UM departments, and backup information for actions taken.

The Award module is composed of two types of documents - Award Documents and Time and Money Documents. The Award Document contains basic information about the award, sponsor, project personnel, and award attachments. The Time and Money Document contains the information about the start and end dates and obligated and anticipated funding for each individual KFS account of an award.

Campus users do not have rights to edit records in this module.

From the Unit tab, click on the 🔄 to the right of Award. This will open the Award Lookup screen.

The Distributable is the amount of funds for that Account. Obligated Distributable is the amount the sponsor has obligated to date for that particular account. Anticipated distributable is the amount the sponsor has indicated in an award document that they anticipate awarding over the life of the award. The Obligated Distributable amount is the amount which is fed to KFS for this account. Subaward attachments include the subaward agreement and subaward action requests from the department.

Campus users do not have rights to edit records in this module.
